Dahlias

It is with great pleasure we present this, our latest catalogue, to dahlia lovers throughout the entire country, and express our deep appreciation for the liberal support accorded us. Many interesting letters were received telling us of the joys and delights of dahlia growing and that many prizes were won from stock secured from us.

We are at all times on the lookout for better dahlias and in the fall of 1927 we will have some of the very finest of the newer introductions, both from this country and Europe.

We welcome you all to our fields where you can see the world's best introductions just as they grow. In 1926 we grew 17 acres of dahlias and our fields were visited by many thousands of people who came miles to see them, and pronounced them the finest dahlias they ever saw and wondered how we grew them so perfect. It's just like this—we love dahlias and are constantly among them from the time they are planted until they are in storage.

Order early to avoid disappointment.

Substituting we do not practice.

Shipping not until planting time unless otherwise ordered.

Terms—Cash with order; no dahlias shipped otherwise.

We guarantee every bulb true to name and will stand by it.

Visit our gardens and bring your friends, as visitors are welcome at all times.
